Advanced options for the internet

How to reset to default settings
on Internet Explorer

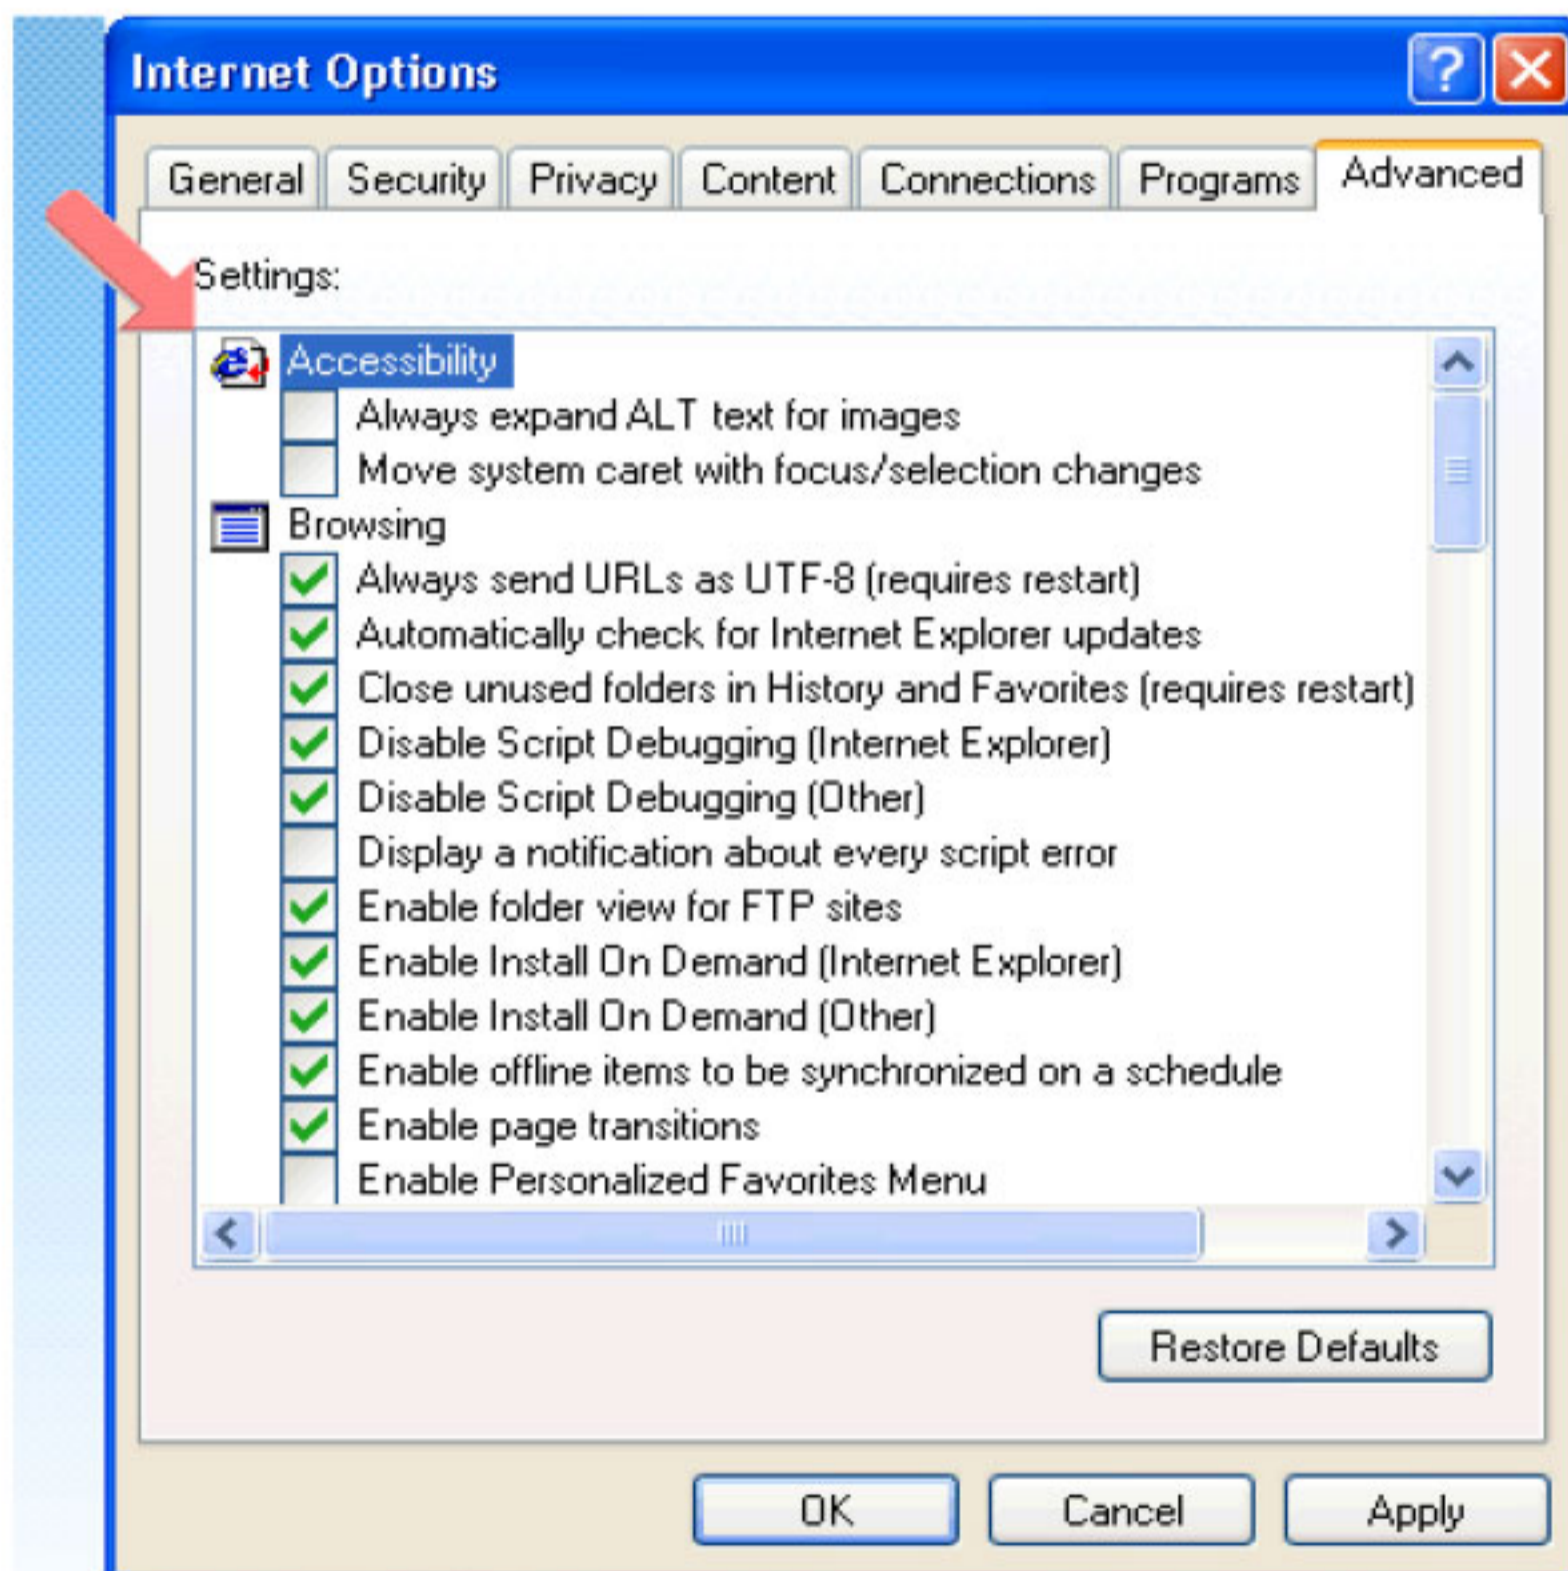

Telkom

MS Internet Explorer

Advanced Options for the Internet

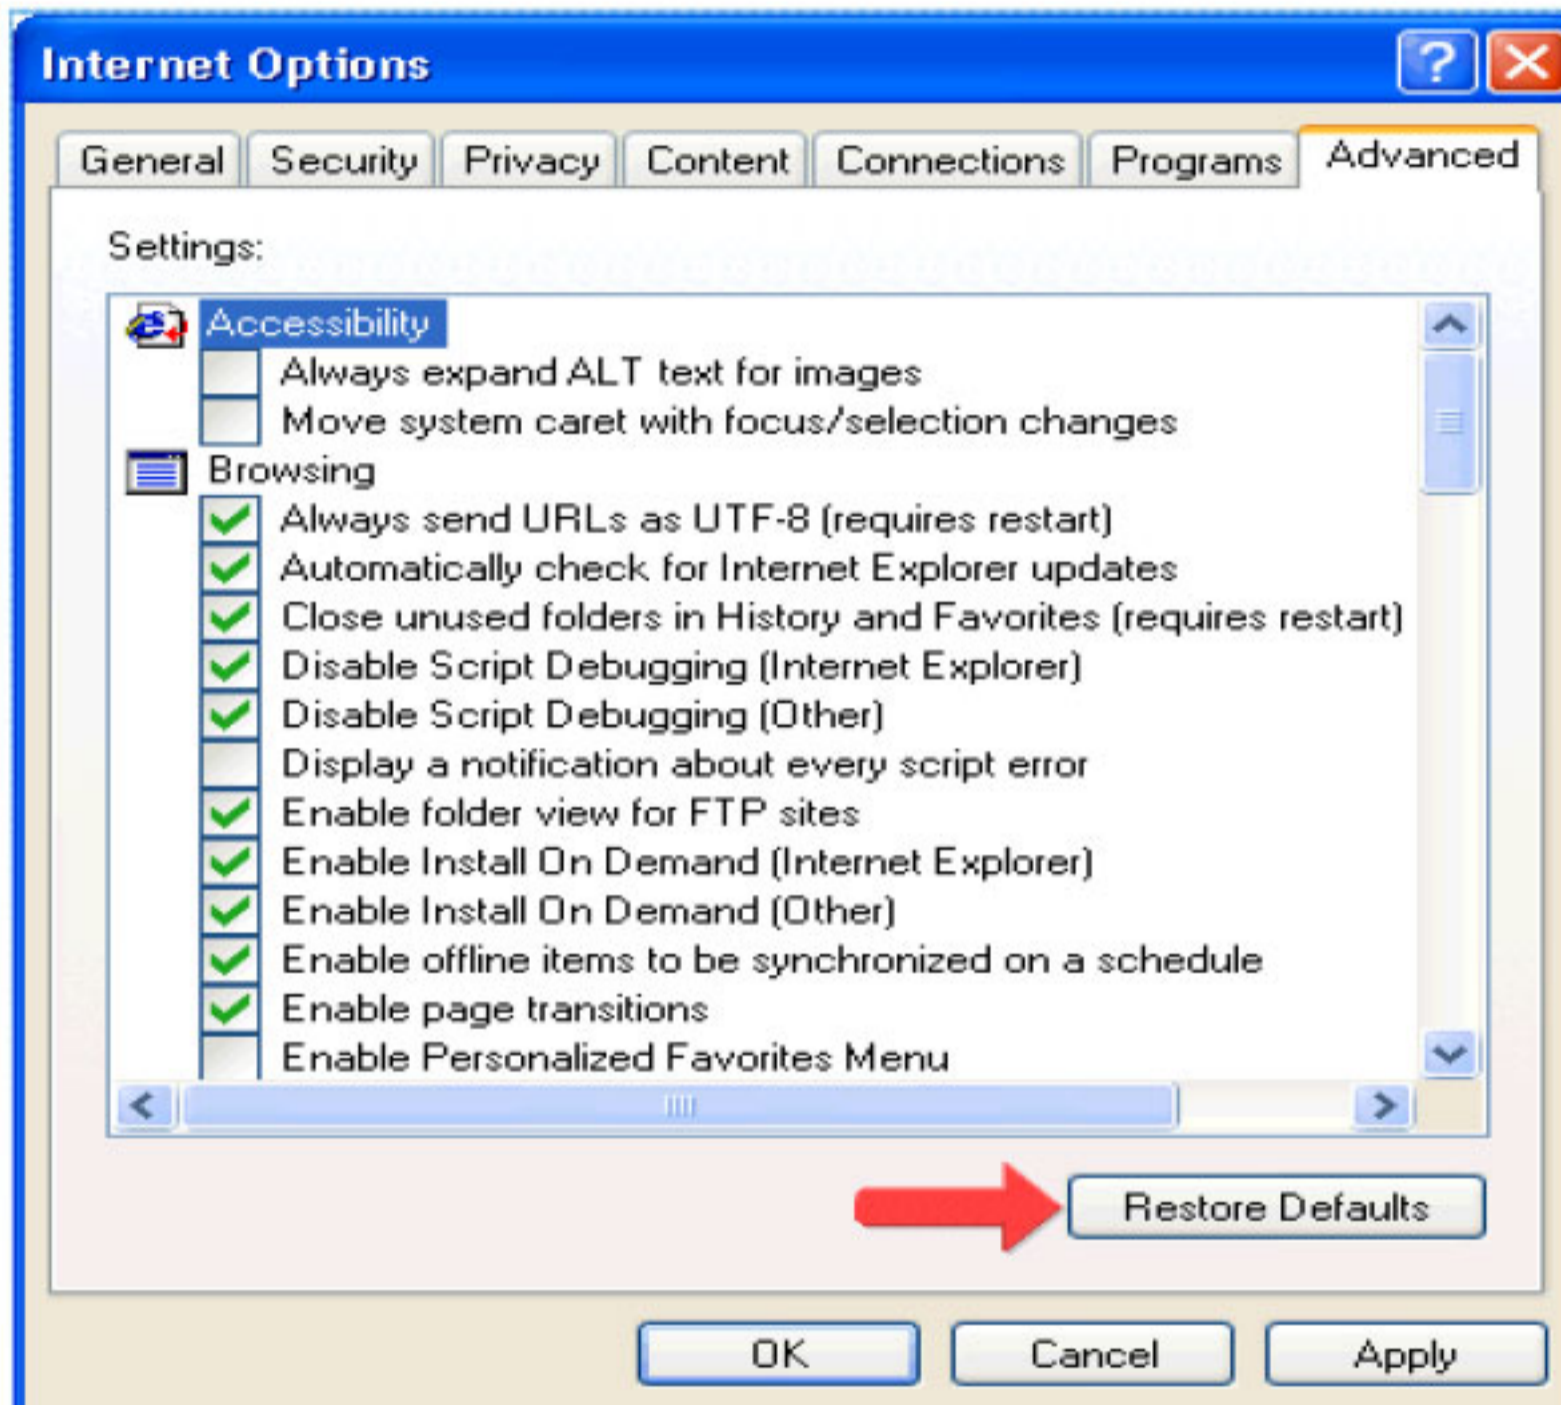

Step 1 of 3:

Here you can scroll up and down and adjust your browser options.
For example to display pictures or play sounds, this can be turned on or off.

Step 2 of 3:

Here you can restore the default Internet settings.

Step 3 of 3:

Click on "OK" to save any settings you have made and exit.
