Liberate your office with our Cloud solutions

- ▶ We'll provide you with an end-to-end solution including migrations, deployment and ongoing support as well as Office 365 - a cloud based collaboration solution that will revolutionise your business.
- ▶ **What is cloud computing?**
Cloud computing empowers the mobile workforce by providing on-demand access to a company's network and data from anywhere, using any device, at any time. This creates an 'always on' mobile workforce, which always has the necessary company resources at their fingertips.

Revolutionise your business:

- Liberate your budget.
- Liberate your file storage.
- Liberate your staff's mobility.
- Liberate your business operations.

- 01** | ▶ **Mobility:**
Our Cloud solutions give you access across devices, including iOS and Android devices (up to 5 devices per license).
- 02** | ▶ **Collaboration:**
Get tools that allow you to communicate and work with colleagues on live documents, from anywhere, anytime.
- 03** | ▶ **Security:**
Ease your fears thanks to enterprise-grade security, privacy and compliance.

Our Cloud Solutions

Pick a Cloud package that is right for your business

- ▶ Telkom I Business Connexion have partnered with Microsoft to provide your business with everything you need for a successful journey to the Cloud, including Office 365, migration, deployment and optional managed services.

Office 365 also provides these benefits:

- Professional document creation (Office suite)
- Business-class email and calendar (Exchange Online)
- File storage and sharing (OneDrive for Business)
- Video conferencing and online meetings (Skype for Business Online)
- Intranet capability with team and project sites (Sharepoint Online)
- Internal corporate social network (Yammer)
- Organised project notes, meeting minutes and to-do lists, in one place – across multiple devices (OneNote)

All our packages include user licenses for up to 300 users, enabling each user to use their license across 5 devices. Also included is 1TB online file storage and file sharing through OneDrive for Business.
